

Atlantic Relocation Systems Earns ISO 9002 Accreditation

After more than a year of hard work and dedication, the Phoenix location of Atlantic Relocation Systems has achieved the prestigious goal of ISO 9002 Accreditation. Custom designed by Vision Quest, Atlantic's ISO Quality System encompasses every aspect of the organization. From the receptionist to the warehouse, every employee of the Phoenix location underwent the training and process development required to earn ISO certification.

ISO 9000 is a set of quality control standards developed by the International Organization for Standardization, which have been adopted by more than 100 countries. The ISO standards provide a template for the implementation of a quality assurance system by any organization. Compliance with these standards, demonstrated through an accredited registration processes and annual surveillance audits, is recognized worldwide as a company's commitment to quality and customer satisfaction.

"As an Agent for Atlas Van Lines," states Rich Reinert, VP Sales and Marketing, "Atlantic is

already held to the 12 standards of the Atlas' World Class Commitment. ISO enables us to meet and exceed those standards and demonstrates our commitment to quality and our customers."
