THE CALIFORNIA MOVING & STORAGE ASSOCIATION

OUR OFFICE HAS MOVED!

After over 15 years in our Los Alamitos location, the CMSA staff moved to a new location in Cerritos, California on September 3, 2008. Luckily for us we have connections to over 550 of the finest companies in the Moving Industry! Special thanks go out to New Haven Moving Equipment for loaning us 100 E-Crates and to California Relocation Systems

Our new office building in Cerritos, Calif.

In the days leading up to the move, packing went smoothly in large part due to our E-Crates. After 15 years in our old location, you can imagine the accumulation of treasures (aka junk). The E-Crates were so easy to fill up and roll away! The only challenge now is finding a place to put everything.

On September 3rd, California Relocation Systems

As we go to press we are moving the CMSA office to Cerritos. Our new location is just up the road, at the junction of the 91 and 605 freeways, still a short commute for CMSA's dedicated staff. After fifteen years in Los Alamitos we are looking forward to a fresh workspace with new carpets and paint. Preparing for a move is always a challenge, made much simpler by the fact that we have access to the best movers and suppliers in the country. Even though we are confident in the quality of our movers and suppliers, the process of preparation; packing, paring down, transferring services, and all the small decisions that must be made whenever one moves their home or office, definitely gives us empathy for the consumer as well as the mover. We are extremely grateful to California Relocation Services, Inc, New Haven Moving Equipment Corp, and Vision Quest Integrated Technologies for their assistance with this project. We also want to thank the other CMSA members who generously offered to help with our move.

The month of August was an active time for CMSA. We conducted Chapter President Orientations in Northern and Southern California where information was shared on how to conduct successful and educational chapter meetings.
