John Nielsen
Tustin City Council

Last on the Ballot and First in his love for Tustin

Twenty-six years ago I chose to live in Tustin because I felt it was the best Home Town in Orange County to raise a family. Today I'm running for re-election to the Tustin City Council to ensure that Tustin keeps the magic that originally attracted me here in the first place.

I am proud to be your Mayor this year, and am gratified and encouraged by the support I have already received in my campaign including friends, and neighbors I have worked with through the many years of my family's involvement in our community including, Tustin Dolphins, Tustin PONY League, Tustin Eastern Little League, NIB, AYSO Soccer, SoCal Waterpark and numerous sports, events and activities for our local public schools, where my children graduated from Tustin High.

Chakra

A Taut Suspense about Mayan Past and Present

Chakra's Chakra is obsession—once you begin rec won't stop until its dramatic, colorful, and great culture into fact and terrifying susp

Dr. Ean Stromberg, Professor of A has spent a lifetime studying Mayan culture living to u how a civilization seemingly disappeared almost one year ago. How did a once flourishing culture of adven simply vanish into thin air? Stromberg's obsession l down a dark and horrifying trail of clues.

Stromberg begins to believe he'll never find the answer the verge of retirement, he discovers a faded photograph painting later in a Mexican town. The image, reflecting death, has a hidden map within its illustration and travels to El Mirador, a two thousand-year-old city of Guatemala jungle.

What he finds is beyond comprehension and unleashes powerful that its malice threatens to take his lif world around them.

Kerhof's disturbing mix of fact and fiction surrounding a old mystery is a chilling depiction of what it's and has ending that shocks and surprises.
